### Holiday Preparation: AS Geography

#### GEOGRAPHY IN THE NEWS

Select **two** 'Geography based' news stories that have occurred ideally during the past 3 months, one focused on physical geography and one focused on human geography.

This can be easily undertaken by accessing one of the main broad sheet newspaper web sites or alternatively the BBC or ITN web sites - see below;

- <https://www.independent.co.uk/>
- <https://www.thetimes.co.uk/>
- <https://www.theguardian.com/uk>
- <https://www.telegraph.co.uk/>
- <https://www.bbc.co.uk/news>
- <https://www.itn.co.uk/>

Write a summary of each of your selected news stories - to be at least one side of A4 each in length (400 - 500 words each as a guide) and preferably word processed. This **must not** just be copied and pasted straight from the Internet but must be a synopsis in your own words!

Make sure that you state **clearly** how your news stories link to Geography...
